Friendship.

Once we were the best of friends,
I was happy and light hearted;
Now from some unknown cause,
That friendship has departed.
We've strolled off at Lakeside Park,
And watched the green leaves quiver,
We've said many tender things,
We'll say no more forever.
Oh, friendship thou art but a name,
A few words warmly spoken,
A few promises lightly made,
To be as lightly broken.
The time will come and maybe soon,
You'll see you were mistaken,
And long again for the friendship true,
Of one you have forsaken.
You think my heart is cold and proud,
You doubted love when strongest.
In future you will live to learn,
Proud hearts can love the longest.

re Theis more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills are the best.

One day the gardener at the Norfolk Creak rectory, Norfolk, England, hung up his jacket in the rectory greenhouse. On taking it down he found that a wren had built her nest in one of the sleeves. The intruder seemed quite at home in her odd nesting place, and has been left in undisturbed possession.

Does it Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest and cures the patient. Try ONE bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. St. Bernard Drugstore.

The palmetto trees of Jacksonville stood the recent conflagration there better than any other kind. While nearly all other trees in the wide sweep of the fire perished from the heat the palmettos are putting out green shoots, showing that they have life and vigor left.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Bilioussness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing the matter with you. Get Green's Prize Almanac. St. Bernard Drugstore.

A Cup of Good Coffee

To get a really good cup of coffee you'll have to start back of the actual making; you'll have to look to the roasting and the grinding. In ARBUCKLES' you have a coffee that's scientifically roasted, and delivered to you with all the pores of the berry hermetically sealed. You're sure of a good cup of coffee because all the coffee flavor and aroma are kept intact until you want it. The fame of ARBUCKLES' induced other coffee packers to put out imitations of it. These imitations cost the grocer (and you) a cent a pound less than ARBUCKLES'. But don't be tempted to buy a package of some other coffee when you can get

Arbuckles' Roasted Coffee

for it is actually less expensive than the cheap kind; goes further—besides being better flavored, more satisfying.

You will find a list of useful articles in each package of Arbuckles' Coffee. A definite part of one of these articles becomes yours when you buy the coffee. The one you select from the list will be sent you on condition that you send to our Notion Department a certain number of signatures cut from the wrappers.

The drouth is simply fearful. Corn, tobacco, gardens, and in fact everything growing out of the ground is ruined. So many failed to sow wheat last fall, and should the dry spell continue a few days more they will be without bread for their families. Their only show then is to try it again. We have so many good farmers who depend entirely on a tobacco crop for their money, who will be left in a fix, and our stock men who have small herds of cattle, with nothing to take them through the winter. It is a serious matter to the farmer, while our town brothers are also affected, for with the failing of the farmer, so goes it with the town man. J. E. R.

The whole island of New York was originally bought of the Indians for an equivalent of twenty-five dollars. Today New York has a population of 3,500,000, which is exceeded by only one other city—London. And it has become the financial center of the world. July Ladies' Home Journal.
